### HELPFUL WATER INFORMATION

#### Meridian Water Quality Data

- Hardness = 118 (PPM) or 9.9 Grams Per Gallon (Gr/gal)
- Chlorine = 0.2 Parts Per Million (PPM)
- Fluoride = 0.3 Parts Per Million (PPM)
- Ph = 7.5

#### Leaks Add Up Fast

- 1/4 GPM = 10,800 Gallons Per Month
- 1/2 GPM = 21,600 Gallons Per Month
- 3/4 GPM = 32,400 Gallons Per Month
- 1 GPM = 43,200 Gallons Per Month

#### Toilets Leak an Average of 1/2 Gallons Per Minute (GPM)

Toilets are a common source for leaks which can easily be found by adding a few drops of food coloring into the back tank of your toilet, after applying, wait 20-30 minutes and check the bottom bowl for coloration, if color appears, you have a leak.

#### Billing Information

Water meters are read normally and billed a standard fee for every 1,000 gallons used. During the winter months this water usage is averaged to establish your monthly sewer fee for the remainder of the year.

#### Emergencies / Shutting Off Your Water

Private shut-off valves for homes are normally located in the crawl space of your garages. If your home is older it may not have a valve installed, so please contact the Meridian Water Division for assistance at 888-5242.
