# ICI Partnership Highlights

## 2023 with the Alliance Programs

*The Alliance team had another busy year in 2023, with new companies onboarding, road trips and Appreciation Events all over the state.*

*We have included some highlights from the year in this edition.*

**We're Growing!**  
**If you know of any companies in need of a reliable workforce – let us know!**

## 2023 in the Rearview Mirror

### 1<sup>st</sup> Quarter

*2023 started with moving all of the Screenprint and Embroidery equipment from ICI in the Pocatello Women's Correctional Center to make room for new equipment and a new partner – All About Socks. They are a world wide sock manufacturing and distributing company that we are privileged to partner with – giving 14 medium Security women an opportunity to work and gain new skills. Along with that new partnership we expanded the crews in a couple of others. Also, Renee and Andee were each lucky enough to have vacations in Mexico this winter!*

### 2<sup>nd</sup> Quarter

*The 2<sup>nd</sup> quarter started with a trip to Eastern Idaho to visit all of partners up there and see the crews from SAWC at work. This is always a great experience to get to interact with the trainees and catch up with our partners. We also met with a new Ag partner – Rigby produce.*

*In April Renee and Andee attended the National Correctional Industries Association conference in Bellevue Washington. They presented during the conference and talked to the group about the success and growth of the Idaho P.I.E. programs and positive benefits for the trainees working in them.*

*We wrapped up the second quarter by starting the process of remodeling one of our buildings at the Idaho State Correctional Institution to become Idaho's first behind the walls call center. Lot's of initial meetings and discussion about logistics. We will be working with our partner All American Publishing to accomplish this ground breaking undertaking.*

*In July we started our new fiscal year – FY23 for the Alliance program was the best year ever! We had more partners and more trainee's working than any year before. Our team of Trainees helping us with payroll, data entry, record keeping and reporting are lifesavers!*

*We travelled to Pocatello for the Appreciation event for the ladies working for All About Socks. It was a great event with plenty of delicious food! We also welcomed two new PIE partners – Potato Products of Idaho and Aqua Touch Car Wash!*

*This was a busy period with contractors and prison leadership getting plans finalized and underway for the call center. We sure have learned a lot about construction – and also that we have a lot to learn!*

*In August We traveled to Orofino and Lewiston for the Appreciation Event up north. We served a pizza lunch to the trainees at Blue Ribbon Linen that included breadsticks, vegetables, cookies and drinks. Everyone was happy!*

*October brings Contract Renewals for Eastern Idaho partners and chance to reflect on how we've grown. ICI now has 8 PIE partners and 14 Ag partners – PHEW!! No wonder we are so busy*
