## What's new in the **PIE Program**

After nine long months of planning and preparation – the new call center located inside building 21 on the SICI property is now operational! Starting with 10 medium security ladies housed at SICI, All American Publishing launched their newest location. This opportunity provides training, job skills and financial opportunity for the ladies working within.

This marks the first time medium security ladies in the western part of Idaho have the opportunity to work in prevailing wage jobs while incarcerated.

New Call Center in building 21 means jobs for Medium Security Women

In Northern Idaho our partner Aqua Touch Car Wash continues to grow and prepare for the summer onslaught of dirty cars!

These gentlemen from ICIO are working hard cleaning and detailing all types of cars – and enjoying the sunshine while working.

### The latest updates

Our newest partner, Beaver Creek Firewood started their crew on April 2<sup>nd</sup>.

The crew stays busy prepping felled trees and bundling firewood for distribution to convenience and grocery stores all over the west.

It's Potato seed season in Eastern Idaho.

Crews are busy cutting, prepping and planting potatoes for Idaho.

Did you know that Idaho produces nearly 6.5 million tons of potatoes annually??

That's a lot of French Fries!
