

ICI'S Alliance Dept. Call to Action!

Building Idaho's Workforce—Together.

At Idaho Correctional Industries (ICI), we believe in second chances and stronger communities. That's why we partner with the Idaho Department of Correction (IDOC) to provide local businesses with motivated, dependable workers—while giving residents the chance to learn real-world job skills.

When companies partner with ICI, they do more than fill staffing needs. They help train the next generation of Idaho's workforce, reduce recidivism, and build brighter futures for individuals, families, and communities across our state.

This is more than a workforce solution—it's an investment in Idaho's future.

 **Andee Brown**

Deputy Chief, Idaho Correctional Industries
